

On Friday night of next week, February 24, friends of the local hospital will be interested to learn

THE SEA COAST ECHO

CONSTRUCTIVE FORCE IN THE COMMUNITY

ECHO BLDG.

Forty-Second Year of Publication.
Chas. G. Moreau, Editor and Publisher.Official Journal Hancock County
Official Journal City of Bay St. Louis.Member National Editorial Association.
Member State Press Association.Subscription Terms, \$2.00 Per Annum
Always in Advance.Entered as Second-Class Matter at the Postoffice, at
Bay St. Louis, Miss., under Act of March 3, 1879.

OUR LOCAL POSTOFFICE.

WE are generally too prone to accept many things as a matter of course or possibly as granted. This predilection often extends to places where the public is served. We take the prompt and efficient service where the public official too frequently without even a thought or realization of it being not only well done but we are too prone to dismiss such service negligently.

In our postoffices and other governmental and public places of business, frequently there is a disposition of indifference; sometime merely the conventional service is rendered, then again in places the public seems to bore the fellow at the window or at the desk. Happily, this does not always exist. We possibly, receive more frequently "service with a smile," rather than the other, although the "smile" is not contracted for nor expected. But it does add to efficiency and promptness.

Recently the writer was in the postoffice of a large Texas town, where business was ever at peak. It was refreshing to transact business there. Personal good nature, a willingness to do were important elements in one's reception, even though it was only for a short while.

This well applies to our own Bay St. Louis postoffice and its force. Ever accommodating, nothing too much trouble and ever ready to serve, we find a most congenial and competent force of men ever solicitous to the public's wants. This force, of course, is headed by the postmaster, H. C. Glover. Detailing subjects not familiar to the public, telling of the best postal service on earth, its advantages to the public, etc., all combine to make the local postal force a factor in the city's progress and add to the smoothness of one's daily pursuit. We find the immediate assistants to the Post Master, Henry Capdepon and Fred Herlihy equally capable, pleasant and efficient, really and truly representing the Government in one of its greatest functions—the postoffice. Messrs. Joseph Scafide, Arthur Loiacano, and M. T. Bangard, on the outside are in their respective positions equally as efficient and painstaking.

LOUISIANA TAX FORFEITS MOUNT.

LOUISIANA property valued at \$8,452,840 has been adjudicated to the State for unpaid 1931 taxes in 32 parishes on which reports have been officially compiled, compared with \$2,455,087 in the same parishes for 1930 taxes. Compilation completed by the State Land Office of property adjudication for non-payment of taxes in half the State's parishes shows an approximate 3-to-1 increase in value adjudicated property in one year.

There were adjudications in only 47 parishes for 1930 taxes, all taxes either being paid by the property owner or someone else in the 17 parishes, records of Miss Lucille May Grace, register of the land office, show.

Louisiana is no better off nor worse than the average State. High taxes and owners unable to pay even a normal tax has caused to doubly conspire a condition that calls for attention of some master mind. Master forces can only come to the rescue, even though whatever element of relief may be suggested and adopted there will be a counter force of present times.

A GREAT ADVERTISEMENT.

THE Echo is of the opinion that building of the La-Gulf Coast Shortcut is going to prove a great advertisement for the summer in this section. Nothing else could attract more interest and gain more directly than the project in process that is connecting by short route the people of two States. In one a great metropolis, the other one of the nation's greatest playgrounds and ideal place in which to live.

It might well be said just now that all eyes are focused on the Mississippi Gulf Coast. General interest is centered and as a result we anticipate a revival of the Mississippi Gulf Coast this summer.

In all the world there is no place like this.

LIFE ON OTHER SUN-SYSTEMS.

WE see in the papers that a professor has discovered bacteria living in meteorites, thus indicating that some form of life exists in the outer void that fills the immense spaces between the stars.

Scientists will soon be speculating upon the importance of what this discovery means, and some bold souls may even go so far as to try to picture the creatures that may have existence on other sun systems. Great theories have been built upon less basis of real fact.

ROOSEVELT FACES HEAVY TASK.

REGARDLESS of what one may think of the next president of the United States, it is generally conceded that he comes into office with the full faith of millions in his ability to accomplish something in what is a critical period in their lives.

Whether he will be able to justify such a blind dependence upon him remains to be seen, but certainly the burden of carrying such aspirations must weigh heavily upon him. He has a tough job ahead of him.

Calling people names, or denouncing conditions, rarely contributes to the solution of problems.

WILL GOV. CONNER SAVE OUR HOMES?

SHOULD Governor Conner's reported plan of increasing sales tax and reducing the ad valorem tax, exempting every homestead possibly to the extent of \$3000, it would be but a comparative time Mississippi, particularly that part known as the Gulf Coast would flourish beyond conception.

There exists many heads of families with a fixed income, of sufficient gross revenue to withstand fluctuation of values, who would seek such haven and healthful clime as the Gulf Coast; to live and enjoy life in its fullest. They would, in time, flock hither in large numbers to enjoy the immunity from taxation.

HIGH taxes in recent years have been the bane of civilized mankind, a blight withering the home; darkening doorways from sunshine and eating at the very vitals of happy existence. In years gone by it was the ambition of every couple, every family to possess a home. In fact, it was a standing injunction from older and wiser heads, and finally a slogan. Today with a homestead assessed more than its actual worth and taxed with a levy that exceeds the interest rate of money, "Own your home" has become a mockery and signifies nothing.

HOMESTEADS today have become liabilities rather than assets. We see them over the country at large when we travel. Deteriorating rapidly under the insidious foe of decay, ruins of rust and victims of forced neglect. Wanting in repair, paint and divers negligible attention. Sagging roofs, unbalanced porch supports—all derelicts, debris, flotsam and jetsam of high ad valorem taxes.

If the homestead may be spared the blight of exorbitant taxes by this proposed relief of Gov. Conner, we may then hope to soon see again the blossoming anew of many homes and added ones by people from over the United States. We look to Gov. Conner for a brighter and happier day.

Farmers in the United States would not have been neglected during the past decade if they had been organized.

CELEBRATING SHORT-CUT HIGHWAY CONSTRUCTION.

PROJECT of building a roadway or auto highway, to top a width of 60 feet, through a marsh and connecting New Orleans with the Mississippi Gulf Coast, at an estimated cost of over one million dollars is by no means a small project. The beginning of such work, as already evidenced by two thousand feet so far of road building, is worthy of more than passing notice to say nothing of the ultimate significance.

Hence there is every reason for a great celebration, a justification, as it were, and that this event will be held in Bay St. Louis, (Wednesday, February 22) is in every sense a matter of much pride to us of this section.

Governors of three States are officially invited to be present. Mayors, supervisors and other officials have been invited and in addition a great crowd is going to throng the streets of Bay St. Louis during the day and assemble in great multitude on S. S. C. grounds to hear the speaking and partake of the barbecue in store for all who may visit Bay St. Louis shores on that day.

A noteworthy fact is that the city of New Orleans has tied in with Bay St. Louis and Hancock county to put over this celebration and to enjoy in its fullest phase the glory.

The Echo notes that the City Commissioners, Board of Supervisors, Rotary Club have endorsed the celebration with their official stamp, and the Hancock County Chamber of Commerce of Bay St. Louis as well has approved, especially since the celebration is under the auspices of the Chamber of Commerce. It is expected thousands of people will journey hither for the day; the celebration will be memorable and that the completion of the Short-cut, once a dream of dreams, will in time become an actuality.

It is hoped every citizen will vie with one another in hailing the day, decorate premises and in every way possible assist.

Basically, the theory of Americanism is that every man will take care of himself and his family. We have gone a long way in the opposite direction.

L. & N. TO DELIVER FREIGHT.

WE note with interest that the Louisville & Nashville Railroad Company announces that beginning in the immediate future all freight will be delivered to the very door of the consignee, thus rendering a service possibly to compete with the truck lines that ply day and night up and down the Mississippi Gulf Coast and in comparison pay no taxes.

The L. & N. company, has been deprived of much trade for the very reason the truck haul is cheaper to say nothing of the convenience to have one's freight delivered to their place of business.

While this is a step forward and will go a far way toward stifling competition, our surprise is that this service was not inaugurated long ere this.

We welcome this service for many reasons. First, because we think it will go a long way towards establishing the railroad's freight business, secondly it will secure for our own sake the success of the railroad operating through this section and thirdly for the reason this service, without additional charge, will prove of advantage to the business people.

No doubt Biloxi is used first possibly as an experiment. We hope to see every coast town thus serviced and that railroad delivery will prove something that will come to stay.

It is suggested that those who contemplate building fences, filling stations, etc., close to the highway, should write the State Highway Department for a copy of the regulations and laws which will be sent free. This precaution may save considerable expense in removing anything built and which may be an encroachment on the right-of-way.

SAUNTERINGS From Where The West Begins.

By JOHN T. MEYERS
(For the Sea Coast Echo)

IN company with the rest of the country, the state of Texas felt the rigor of last week's cold wave attack. In San Antonio thermometers in private homes and stores reported to have recorded as low as 8 degrees above zero.

One death from freezing occurred in the hill country north of this city, when a retired government physician was found frozen to death beside his automobile on the highway. It is said that his car had run out of fuel, and that passing traffic did not realize the plight of the unfortunate victim.

During the severest part of the bitter weather, San Antonio police were assigned to patrol grade school regions as a matter of precaution after several children were rescued in a numbed and semi-frozen condition while enroute to school.

THE frigid temperature gave many San Antonio automobile owners a taste of what their northern brothers have to contend with during winter months.

Braving the near-zero atmosphere outside, the boys hit it on the run for the garage. Hopefully, they stepped on the starter button—but, somehow, the engine just wouldn't respond. After exhausting all the tricks and moral suasion at their command, and finally wearing down the battery, the old crank was rooted out from beneath the seat.

If you've had any experience along this line, you probably know it does not take much cranking to warm a fellow up—both physically and temperly too. But the old tugs were on a strike. Neighbors cursed and discussed their sad plight over the fence. The fellow whose car did start was the hero of the hour. He had to play good Samaritan, and give the stubborn, frozen cars a push down the street.

It was no uncommon sight to see a whole family physically pushing the 'family chariot' along in an attempt to get it percolating, so Dad could get to his place of employment.

AND in a poetic flash we might say: The iceman's face was sad to see, but the plumber, today a happy man is he.

As far as the local plumbing fraternity is concerned, the depression made a temporary exit. Broken water pipes were the topic of the day, and the services of the plumber were in urgent demand. Many householders were compelled to form bucket brigades to supply water for cooking and drinking purposes. We imagine it must have felt like old times to the plumbing people when they said over the phone: "Sorry, we are too busy today, we will attend to your job as soon as we can get around to it." Lucky stiffs these plumbers.

UTO busses are to replace street cars as a mode of transportation on the streets of San Antonio. The Public Service Company has announced that the discarded street cars will be stripped of motors and wheels, and offered for sale to the public for about \$20.00. Several of these old cars are already in use as quick-lunch stands in different parts of the city.

It is rumored that the demand for these cars is already many times greater than the supply. Many want to convert them into chicken houses, wash houses, store rooms and we have heard some voice the opinion that these cast off street cars would make ideal depression bungalows, or summer camps.

GATHER close and we will confess a secret inhibition that has haunted us for a long time. Every time we rode in a street car, we would gladly have paid double fare if the motorman would only let us stomp on the foot bell and clang things off the track. And we always envied the conductor's privilege to pull the cord that ding-dinged sign the weight is off our chest, we might as well go on and say that we always had an unexpressed desire to just keep on ringing the little pearl stop signal, if we didn't fear some smart Elck would wise crack: "Want Santa Claus to bring you one for Christmas?" Another thing that would give lots of pleasure (if we could have a street car in our back yard) would be to try to open one of the windows—and when it refused to budge—watch the glass fly. Come around some Sunday afternoon and we will play motorman and conductor—when we get our second-hand street car.

WHILE the rest of the merchants were following a Valentine motif in their window displays, one local dealer had another idea in mind.

In place of Cupids, hearts, and arrows, this window had a large beer keg in the center. Pretzels were scattered about the floor. Decorated imported steins rested beside the inviting keg, ready to spread cheer, song, and laughter. A bright sign informed: "It won't be long now!" Many are beginning to wonder just how long it really will be before the will of the majority is finally served.

It Will The Chicago World's Fair will show the progress of civilization for the past fifty years, we are told. That will take us from the old-fashioned six shooter right up to the modern machine-guns—Judge.

Be Sure Your Insurance Protects You!

To Make Sure of Protection It Is Necessary

1. To see that your insurance is placed in a strong Company.
2. To insure through a solvent Agency.

Insurance

An agency is responsible to its customers for insurance placed by it. In the event the Company in which you are insured, should fail, if your agency is solvent, it will replace your policy without loss to you, and without additional cost.

Call and let us explain this to you, for your own protection.

Insure With Merchants Insurance Agency

BEAUTY — YOUR BIRTHRIGHT

(For the Sea Coast Echo)

By BETTE
THE FACIAL

UNLESS you have tried them, you really cannot know how restful facials are. They stimulate circulation, make your skin clear and soft, your eyes brighter, and improve your color. Even when you are very tired a facial will make you feel like a new person.

If you have the time and the money by all means have professional facials at least twice a month. If not, it is very easy to give yourself a facial at home. Once a week is not too often. You will need cleansing cream, cleansing lotion, tissue cream, plenty of hot water, two towels, tissues, witchhazel, a small piece of ice a piece of absorbent cotton, powder, rouge, lipstick.

The formula for the cleansing lotion I gave you in my article on cleansing the face with cream, some time ago.

Before starting on a facial have everything in readiness, as you lose all of the benefits if you have to stop every few minutes to hunt for the necessary things.

Pass Christian to Be Officially Represented at Shortcut Celebration

Mayor J. H. Spence, who is a pronounced enthusiast of the Shortcut N. O.-Gulf Coast Route, has appointed a committee to represent Pass Christian officially at the Shortcut celebration to be held in Bay St. Louis on Wednesday, February 22, as follows:

Dr. A. R. Robertson, L. H. Barksdale, R. V. Abbey, J. D. Tschopik, Rev. S. W. Allen, Rev. Gerault M. Jones, Guy Northrop, Dr. Wm. M. Lake, A. L. DeMetz, Capt. John T. McDonald, E. J. Adams, Jr., D. E. McDonald, Frank Farrell, E. J. Adams, Sr., Philip St. Ambler, W. F. Adams, J. B. Adams, A. P. Saucier, J. M. Terrell, L. P. Spier, Jas. Farrell, Chas. A. Martin, J. J. Jackson, H. H. Hanson, Edward Holley, Jas. B. Smith, Donald DeMetz, Albert Andresen, Frank P. Wittmann, Mr. Gabriel, Father Wm. J. Leech, Father Sweeney, A. C. DeMetz, Edgar Bohn, James I. Pittmann, Chas. Taylor, Bernard Knost, S. L. Taylor, Wm. Desposito, Stanley Taylor, Elmer Northrop, John Northrop, Wm. M. White, Elwood Abbey, C. R. Jones, A. R. French, Gus Monteleone, John Ellis, George Cronovich, Prof. Frank L. French, Francis McDonald, J. T. McDonald, Jr., Henry Roux, Thos. E. Shorr, H. Owens, Frank LaRosa, J. H. Lang, Chas. Woods, Isaac Allen, Walter Namias, Adolph Bourdin, Hayden Bros., C. L. Chapel, S. J. Saucier, Ray McKay, Geo. Fava, Mr. Bishop, L. Martin, E. J. Herren, John O'Kelly, Fred Bowden, R. D. Lilly, Fred Mattes, Bidwell Adam, W. Basha, R. W. McDonald, B. J. Martin.

All members of the Civic League.
All Members of the Pass Christian Garden Club.

All Members of Trinity League.
All Members of the P. T. Associations.

All Members of the Mothers' Club.
All Members of the City Council.

Naval Reduction "And how is your husband getting on with his reducing exercises?" said a Beach Boulevard woman. "You'd be surprised. That battleship he had tattooed on his stomach is now only a row-boat."

A DAB OF POWDER

IS CERTAINLY WORTH THE PRICE . . . BUT WHAT MONEY BUYS MORE THAN THAT SPENT FOR ELECTRIC SERVICE?

You know that a little powder now and then is well worth the price. In fact, compared with the effect, the cost is so trifling you hardly consider it at all.

Electric home helps will do more than help your looks—they will keep you feeling young. And compared with the service they render their cost is more trifling than that of cosmetics.

For the price of a box of good powder you can—

Maintain electric refrigeration in your home for 20 days—

Cook three meals per day electrically for the average family for 2 weeks—

Or heat 385 gallons of water electrically.

FIXED EXPENSES ON PERMANENT PROPERTY INVESTMENTS INCLUDING SUCH ITEMS AS TAXES INTEREST, INSURANCE AND DEPRECIATION, MAKE UP FROM FORTY TO SIXTY PERCENT OF THE COST OF FURNISHING ELECTRIC SERVICE. SUCH EXPENSES CANNOT BE REDUCED DURING PERIODS OF DEPRESSION.

B. E. EATON, President.

MISSISSIPPI POWER COMPANY

Seven-Year-Old Suit In Pearl River County Settled by Compromise

The tax suit of Pearl River county vs. Edward Hines Yellow Pine Trustees, pending in courts for approximately seven years and involving \$100,000, which the county alleged, was due it for taxes by the defendants, was settled during vacation in federal court by compromise. The board of supervisors of Pearl River county agreed to compromise provided the Edward Hines Yellow Pine Trustees would pay \$55,418.72 and this amount after printer's fees was deducted amounted to \$42,551.59 which was paid into the county treasury.

Arthur J. Smith, former sheriff who was in office at time the suit was filed, also compromised with the trustees for his commissions. A somewhat similar case exists in Hancock county.

THE BAY OF ST. LOUIS.

On the beautiful shores of the Bay of St. Louis, Is the place where I'd build my home Where the palm trees, facing the spray of the waves, Make a perfect place to roam.

Where the wheeling gull cries shrill-est, O'er the Sound with all it's play, And the sun just hates to leave you, There, always a perfect day.

Where the silvery moon is the fullest As it shines out over the Bay, And the patterns, traced by the tide, on the sand, Are the marks of a passing day.

With all the world to choose from, That's where I long to be— On the shores of the Bay of St. Louis, That's the only place for me.

E. G.

SUMMER RATES \$2.00 & \$2.50
 "You can live better at the Jung for less."

"FACE IN THE SKY," HERALDED AS NOVEL FILM, COMING HERE

Spencer Tracy, Marion Nixon and Stuart Erwin Have Leading Roles.

Distinctly American in theme, yet marking a radical departure from American methods of treatment, "Face In The Sky," which comes to the A. & G. Theater next Sunday and Monday, promises to be one of the most interesting screen offerings since the coming of talking pictures. A notable trio of film favorites, Spencer Tracy, Marion Nixon, Stuart Erwin, have the leading roles and the direction is by Harry Lachman.

The plot concerns a traveling sign painter, always dreaming of his glorious future. He meets a little country girl who is likewise a dreamer. With the aid of his clumsy helper, the painter, assists her in escaping from her drab existence on a Vermont farm, only to fall in love with her. They are separated when the farmer overtakes them, but meet again under unique circumstances in New York City.

In the handling of the story, Lachman is said to demonstrate to American audiences the ability that has made him a sensation in European directorial circles. One of the few American painters to be awarded the distinction of the Legion of honor by the French government for his work, Lachman brings a keen sense of artistry to his screen efforts.

Only A French composer was summoned for assaulting his publisher with a heavy roll of manuscript music. The poor fellow only wanted to make a hit with his songs.—The Humorist.

Woman Lost 20 Pounds of Fat

Lost Her Prominent Hips—Double Chin—Sluggishness

GAINED PHYSICAL VIGOR—A SHAPELY FIGURE.

If you're fat—First remove the cause! Take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning—in 3 weeks get on the scales and note how many pounds of fat have vanished. Notice also that you have gained in energy—your skin is clearer—you feel younger in body—Kruschen will give any fat person a joyous surprise. But be sure it's the Kruschen—your health comes first—and SAFETY first in the Kruschen promise. Get a bottle of Kruschen Salts from any leading drugstore anywhere in America (lasts 4 weeks) and the cost is but little. If this first bottle doesn't convince you this is the easiest, SAFEST and surest way to lose fat—your money gladly returned.

WAVELAND NEWS-NOTES

V. E. WEBER BOX 134 Waveland, Miss.

MEETING AT PASS CHRISTIAN MONDAY, FEBRUARY 20.

The regular monthly meeting of National Catholic Council of Women will be held on above date instead of last Monday of the month owing to the Carnival. All members are expected to be present to decide exact date for Council Day to be held in Pass Christian, Miss.

APPRECIATION.

We all wish to thank our friends and also all who sent messages of congratulations and otherwise for program broadcasted over WGCM on Saturday, February 11. Signed: Misses Elouene Bourgeois, Dolores Bourgeois, Dorothy Wells, and Mrs. V. E. Weber.

ST CLAIR ALTAR SOCIETY.

A business meeting was held in the sacristy on Friday, February 10, which proved of great interest. The President, Mrs. Edw. Carrere made some very good reports showing the wonderful results which were achieved in past three years by this organization, wishing to thank all who so zealously worked in this behalf.

Mr. and Mrs. Eugene Canafe were visitors to our city. Always so glad to have them with us.

Mrs. A. Claverie is visiting her daughter, Mrs. Edw. Carrere.

Mr. and Mrs. John Morere and family motored to view work started on new bridge at Pearlington, Miss.

The teachers of Waveland school are presenting a program, Friday night, February 17, at 7:30 in honor of P. T. A. Founders' Day. The admission is free and everyone is cordially invited.

Miss Mary Ellen Donoley has recovered from illness and friends will be glad of this good news.

The Schindler family are starting

THE ECHO'S COOKING CLASS

Probably no other single food can be made use of in a greater variety of dishes than eggs. They are exceedingly high among body building foods and should be used freely at all seasons. Use them with left over vegetables, such as asparagus or peas or with a savory meat.

Scalloped Eggs and Asparagus.

6 hard boiled eggs
1 1/2 cups white sauce
Salt and pepper
3-4 cup buttered crumbs
2 dozen stalks asparagus
Alternate in an oiled baking dish layer of sliced hard boiled egg and asparagus which have been sprinkled with salt and pepper, and white sauce. Put buttered crumbs over the top. Bake in oven 400 degrees.

French Omelet with Crab Meat

1 can crabmeat
1/2 teaspoon salt
4 eggs
1-8 teaspoon pepper
4 tablespoons milk
2 tablespoons butter
Beat eggs slightly just enough to blend the yolks and whites. add milk salt and pepper. Melt butter in hot frying pan; then add egg mixture. As mixture cooks, lift the cooked portion with spatula, letting the uncooked portion run underneath. Continue until whole omelet is of creamy consistency. Cover with small pieces of flaked crab meat, increase heat for a few minutes so that Omelet may fold and turn on hot platter. Sprinkle with finely chopped parsley.

Jellied Egg Salad

2 cups canned tomatoes
1 small onion
Salt and pepper
1/2 cup diced celery
1 cup cooked lima beans
1 tablespoon gelatin
2 tablespoons cold water
8 hard boiled eggs
Season the tomatoes and simmer with the chopped onion for 10 minutes. Put through a sieve and add gelatin which has been softened in the cold water. When cool add the beans and celery and allow to stand until partially thickened. Arrange in the mold with alternate layers of sliced egg. Serve on lettuce with a cooked salad dressing.

Egg Creole

1 cup tomato sauce
1 tablespoon chopped olives
1 teaspoon minced onion
1 teaspoon butter
Pepper and salt
8 eggs
1 tablespoon chopped parsley
Mix all ingredients except the eggs and parsley and cook for 10 minutes. Butter a 4 ramekins and drop 2 eggs in each, being careful not to break the yolks. Sprinkle with parsley and set in pan about 1-4 full of boiling water. Cover and steam about 10 minutes until eggs are set. Turn the eggs on individual plates and surround with the sauce.

Eggs au Gratin

Poach 6 eggs, using 1 tablespoon of vinegar to 1 quart of water. Arrange the poached eggs in a shallow buttered baking dish and sprinkle with grated cheese. Pour over this 1 pint of white sauce then cover with buttered crumbs and sprinkle with grated cheese.

In The Corn Belt

"Doesn't that soprano have a large repertoire?"
"Yes, and that dress she has on makes it look worse."—Capper's Weekly.

Hard

Health is a priceless possession, but it's funny how hard it is to pay the rent with it.—San Diego Union.

SISTER'S PARTY.

Sister's having a party, Out at our house tonight, She says she's just sixteen, But that don't seem just right, 'Cause last time she had a party, She was just sixteen then, And that has been a long time, I don't remember when.

Our house is all lighted up, With pretty candles and things, And a lady at the piano, Plays lovely music and sings. The cake is all over icing, I know 'cause I took a pinch, If Mother only knew it, She'd get me, that's a cinch.

We have all got on our best clothes, And Sis, says we must act nice, And I think she must have meant it, too.

For she told me over twice, And you bet, I'm going to be nice, For I know my sister well, And if I take two pieces of cake, She'll never, never tell.

—E. G.

Overcome Pains this better way

WOMEN who get into a weak, run-down condition can hardly expect to be free from troublesome "small ailments." Where the trouble is due to weakness, Cardui helps women to get stronger and thus make it easier for nature to take its orderly course. Painful nagging symptoms disappear as nourishment of the body is improved. Instead of depending on temporary pain pills during the time of suffering, take Cardui to build up your resistance to women's ailments.

WORK AND PLAY AT S. J. A.

JAYS MEET FIRST DEFEAT THIS SEASON—BILOXI PROVES WATERLOO

About 8 o'clock last Saturday night the Gold Jays found themselves on the court of the Biloxi gym ready to start a hard game.

The teams seemed well matched and at the end of the first quarter the Jays were leading the Biloxians 7-5. Then Perre was put out on fouls. At the beginning of the second quarter the team wavered a bit but managed to keep pretty close to Biloxi, the score at the second half being 18-15 in favor of the Jays' opponents.

The S. J. A. sextette started the third quarter with some of their usual "pep" but it wasn't long before the Scaife's both Catherine and Frances were fouled out of the game and the spirits of the team began to lag. Biloxi, however, pushed right on ahead swamping the Jays in one of the biggest defeats they have ever sustained, 50-26 showing as the final score.

JAYS TO GIVE "COME-BACK TO BILOXI."

Saturday Night at S. S. C. Gym.

The "Jays" are a bit disappointed but by no means disheartened over the result of last Saturday's game. They are all pepped up for the come back with Biloxi which is to take place this Saturday at the college gym. The Jays are determined that at the close of this Saturday they will be able to tell you quite a different tale.

Go to it Gold Jays. We're pulling for you. Come out everybody to the college gym this Saturday, February 18, at 7:30 and help to pull for the Gold Jays with us.

The Stanislaus boys will also play a return game with Biloxi immediately after the girls game. Don't miss this double-header.

SECOND GAME WITH DEDEAUX A THRILLER.

Gold Jays Win by Narrow Margin.

The Gold Jays began their game with Dedeaux Monday night still smarting under the blow they had received in Biloxi Saturday night. They were determined to prove to all of us that they could play basketball. During the first quarter which ended 22-4 in their favor they displayed the greatest speed and cleverest pass work yet seen at S. J. A.

But when it comes to pluck we must hand it to the Dedeaux girls—they're never down, any minute they're likely to pop up and run up their score. The result of Monday night's game was 36-34, so you can use your imagination and clearly see how Dedeaux rallied and what a splendid fight they put up in the second half to come, within two points of tying the Gold Jays' score.

SODALITY NEWS.

Last Thursday the Children of Mary held their regular weekly meeting. The main topic discussed was the fostering of Catholic literature, February being Catholic Press Month. A very good suggestion regarding the more frequent reading of the Sunday Visitor was made and a motion was made that every Sodalist should endeavor to spread this weekly Catholic paper, which costs but a few pennies.

The Children of Mary were congratulated on the splendid way in which they had responded to the Forty Hours' Devotion. It was suggested that the next meeting of the Sodality be a Social one, for we have been so active and busy since September that we have not had a single Social Meeting this year. Several other suggestions will be decided at our next business meeting.

Biloxi Indians Defeated By Bay High Tigers

The Bay High Tigers, flashing an accurate offense and an unpenetrable defense, subdued the Biloxi Indians, 37 to 13, in the Stanislaus gym Wednesday night. Earlier in the season the Tigers gave the Biloxi High a 45 to 9 defeat.

The first quarter was nip and tuck but in the second period, with the good shooting of Earl Ramond and Milton Moran, Bay High climbed to a safe 17-9, lead at the half. Even though the Indians were short on points, they centered their attack on J. V. Bontemps and succeeded in curtaining him to field goals. But when Bontemps had a chance at the basket, on their free throws, he rung five points out of six throws.

Ramond was the highest individual scorer, accounting for 13 points. Moran also played well for the Tigers while Manuel and Blacksher were best for the Indians.

On the Wednesday night previous Bay High drove back its other coast rival, Gulfport High by the same margin of victory as the Biloxi game 36 to 17. On Monday night the Tigers defeated the strong Bogalusa team by a 37 to 9 score.

The Tigers, in spite of a few set backs, have one of the best records in the Gulf Coast Region and should go high in the Class A tournament which will be held in Biloxi next week end.

The girls basketball team lost to Gulfport, 42 to 11, to Biloxi, 27 to 10 and defeated Pass Christian High 31 to 21.

W. A. McDONALD & SON

Official Proclamation.

Declaring February 22, 1933, a Double Holiday on the Occasion of the Celebration of the Building Of Shortcut Highway.

Whereas, Wednesday, February 22, is already a National holiday, and

Whereas on that day and date there will be a general celebration in Bay St. Louis marking the beginning of the Louisiana-Mississippi Shortcut Highway, connecting New Orleans with the Mississippi Gulf Coast, and since that celebration will ever remain memorable in the annals of the history of this section and the project in progress to be one of the greatest to benefit this and adjoining sections,

Therefore, I, Mayor of the City of Bay St. Louis, do hereby Proclaim Wednesday, February 22, a Local Holiday as well as the one of National being, and do ask that the banks of the city be closed for the day, all schools dismiss their classes and, that all places of business close, at least from 12 o'clock on and until after the celebration.

I cannot stress too strongly the importance of this day and in appreciation of the fact that Louisiana is wholeheartedly joining with Bay St. Louis and Hancock county in the celebration it will be but fit and proper that the populace turn out in holiday spirit and join in the festivities and jubilation of the day.

Done, under my hand and the city's seal, this 14th day of February, 1933, at the City Hall.

Attest: G. Y. BLAIZE, Mayor.
W. L. BOURGEOIS,
H. GRADY PERKINS, Commissioners.

County News

By R. H. BRYSON,
(County Agent)

CROTALARIA A VALUABLE CROP FOR PECAN ORCHARDS

CROTALARIA is a new and valuable summer legume cover crop for soil improvement. The Pecan growers of the Mississippi Coast section are finding this crop not only valuable as a soil builder, but it will grow successfully on any soil that is well drained, and will grow on the poorest soil to a height of 4 to 6 feet with little or no fertilizer.

An outstanding demonstration of Crotalaria as a soil improvement crop for the pecan grower was conducted by Mr. H. H. McComb of Long Beach, Miss., under the supervision of Mr. Vernon Pace, county agent at Gulfport. This cover crop, according to Mr. Pace's records, showed an increased yield of nuts on land where Crotalaria was grown plowed under, ranged from \$42.00 to \$46.00 per acre, in value, over test plots along side where no Crotalaria was grown.

Mr. Pace says in part: "On September 21st a test was made to determine the weight of green matter available from the 1932 crop of Crotalaria. The test showed a total weight of 40,640 pounds of organic matter in the green state available for turning under as a green manure crop, with approximately three weeks remaining for additional growth before turning under preparatory to harvesting the pecans.

"A sample of the soil was taken on the same date from the above grove which was growing its fourth crop of Crotalaria and analyzed for its nitrogen content. The sample taken from the Crotalaria plot analyzed seven hundredth per cent (.07 per cent) nitrogen, while the sample taken from the plot on which no Crotalaria had grown analyzed six hundredth per cent (.06 per cent) nitrogen, or a difference of one hundredth per cent (.01 per cent) nitrogen in favor of the Crotalaria plot. Figuring an acre of soil six inches deep weighing 2,000,000 lbs. this would indicate an increase of 200 pounds of nitrogen per acre in favor of the Crotalaria plot. This is the equivalent of 1,333 pounds of a 15 per cent nitrogen fertilizer per acre."

Crotalaria has been grown in Florida for a number of years, with amazing results as a summer legume for soil improvement. It is reported in Florida that this crop has given better results than other leguminous crops. The percentage and quality of nitrogen is as high or higher than any other summer leguminous crop. The analysis of the nitrogen taken in by the Crotalaria plant is about the same as cowpeas or velvet beans, that is, a ton of dry material of Crotalaria will carry about 40 pounds of nitrogen. This plant makes more growth than either of those mentioned, and when it is turned back to the soil would consequently add

more nitrogen to the soil.

Because of the hard outer shell of the Crotalaria seed it is recommended that only scarified seed be planted in order to allow moisture to penetrate, and cause quick germination of the seed, otherwise you may be disappointed in getting a good stand. Crotalaria Spectabilis is the variety recommended for this section, and for seeding an acre in rows 1 1/2 feet apart, requires 10 pounds, to sow broadcast requires 10 to 20 lbs. The expense of planting an acre ranges from \$1.20 to \$2.00 depending upon quantity of seed and method of planting.

For further information regarding this crop, ask your County Agent.

ONLY A NEWSPAPER GUY (Author Unknown)

I see a man strut through a jam in the hall,
Take a seat 'mid the speakers and chat with them all.
"Is this Murphy?" I ask, "that a crowd he defies?"
"No," says someone, "he's one of the newspaper guys."

I see a man pushing his way through the lines
Of the cops, where a fire brightly glistens and shines.
"Chief Kenlon?" I ask, but a fireman replies:
"Oh, no; why that's one of those newspaper guys."

I see a man start on the trail of a crook.
And he scorns all assistance but brings him to book.
"Mr. Burns?" I inquire. Someone scornfully cries:
"Burns?" Now, he's just one of them newspaper guys."

I see a man walk through the doors of a show
Where great throngs are blocked by the sign S. R. O.
"Is this Goodwin himself that no ticket he buys?"
"Well, hardly; he's one of the newspaper guys."

I see a man knock on a president's door,
And the sign, No Admittance, completely ignore;
"Is this Morgan, that privacy's right he denies?"
"Morgan?" Shucks! It's just one of those newspaper guys."

And some day I'll walk by the great streets of gold
And see a man enter, unquestioned and hold.
"A Saint?" I'll inquire, and old Peter'll reply:
"Well, I should say not; he's a newspaper guy!"

They Are

The assets that freeze most readily are the ones that are full of water. Danbar's Weekly. (Phoenix).
